ASTIGMATISM.

What it is, and How Corrected.

Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the film known as the Cornea. Of course no instrument is sufficient to correct it, but in the hands of a thoroughly efficient and competent eye specialist the ophthalmometer reveals the exact condition of the eye in a way that nothing else can. If your eyes need attention have DR. J. T. JOHNSON put them under this wonderful instrument. Office hours 8:30 to 12:30; 2 to 6. 302 1/2 S. Elm St.

Greensboro, N. C., June 1, 1899

I have used the Harris Lithia Water both this season and last and find it does me greatly. I would recommend its use to those suffering from indigestion and other stomach troubles.

CLOSED LAST NIGHT.

The Annual W. C. T. U. State Convention Adjourns.

The annual state convention of the Woman's Christian Temperance Union, which convened in Grace Methodist Protestant church here last Friday, closed last night. And it seemed that the ladies who arranged the program had followed the custom of saying "the best for the last." It was Y. night, when each year the oratorical contest between college young ladies is held. The subjects and contestants last night were:

The Czar's Propaganda—Miss Annie Blair, Guilford College.
Cranks and What They Have Accomplished—Miss Nellie F. Hathcock, Albemarle.

The Basis of Heroism—Miss Eugenia Rowe, Greensboro.
The 19th Century Woman—Miss Kate Ragan, High Point.

Each of the orations was exceedingly well prepared and well rendered, each of the young ladies making most creditable efforts. Miss Eugenia Rowe was adjudged the most efficient and was awarded the prize, five dollars worth of books. In addition to this each contestant was presented with a book. Mr. J. Norman Wills, one of the judges, presented the prize and other books, in a pleasing manner.

After the contest, Miss Florina Worth, principal of the Wilmington High School, read an ably prepared paper entitled "An Epoch of the 19th Century."

Prof. Geo. H. Crowell, superintendent of the High Point graded schools, then made a short entertaining address on "The Practicability of Our Scientific Temperance Law."

Miss Ruth Worth, state secretary of the Young Woman's Branch W. C. T. U., presided at the meeting.

Most of the delegates to the convention left for their homes today. We believe that each one leaves with a feeling that all have been benefited by attending the convention. Greensboro has not only enjoyed having them, but henceforth will ask for the convention with a certain degree of selfishness for certainly the entertainment of the noble women has proven a pleasure and a benefit, and at any time they may return, in convention or separately, the Telegram assures them of a warm welcome to the hospitable homes of the hospitable people of the "City of Flowers."

Artistic Display.

We were very much surprised in passing the Fishplate-Katz Co.'s high art clothing establishment today at a display of collars. A gentleman from New York who happened to be standing by the writer wished to know if a New York window dresser had made the display. Upon inquiry we learned that it was originated and constructed by Mr. Tom Pemberton. The display is a large star made of busting and collars arranged alternately on it. In the foreground are some choice styles of shirts. Mr. Pemberton deserves credit for his ingenuity and cleverness.

Men's Hot Weather Shoes.

Made for us by Jam's A. Banister Co., and Lewis A. Cressett & Co., the highest grades of men's shoes made over our celebrated "Foot-Form" last that fits the foot as nature intended. No question about it, we are showing the greatest line of men's high grade shoes ever shown in the state. We carry in stock all widths and can fit your feet properly. Better bring your feet and let us fit them right. Prices \$2.50, \$3.00, \$3.50, \$4.00 and \$5.00. Read our "ad" in today's issue—one price to all. Carolina Shoe Co.

John Robertson Pardoned.

Sheriff Gilmer today received a pardon from Governor Russell for John Robertson who was convicted at the last term of court for destruction of property and sentenced to six months on the county roads. The fact that Robertson's accomplices, who appealed to the supreme court, secured their liberty by the case being thrown out, probably had some weight with the governor.

Intended to Kidnap Loubet.

Paris, June 6—Le Matin this morning says that the royalists who attacked the President Sunday intended to kidnap and make off with him in an automobile.

CLUB CLOSED.

Paris, June 6—The government has closed the Puteau Club, a number of whose members, including Count Christian and many others, participated in the demonstration against the president Sunday.

Congressman Bland's Condition.

Lebanon, Mo., June 6—Congressman Richard P. Bland's condition today showed some improvement. The physicians admit that there is every indication of cerebral congestion, but will not authorize the statement that he is suffering from that ailment.

THE WAR TO BE PROSECUTED

As Vigorous'y as Possible Even During the Rainy Season.

ONLY UNCONDITIONAL SURRENDER

Will Be Considered Hereafter By The Americans—"Accept Our Terms or Fight."

By Cable to THE TELEGRAM.

Manila, June 6—The insurgents of the Marang peninsula whom Lawton hoped to bag, have got away. Consequently the cordon of troops have been withdrawn. Col. Whalley returned to Pasig this morning. Hall's command remains at Marang. The escape of the insurgents is largely due to their excellent secret service whereby the movements of the American troops are heralded in advance. There are also many natural obstacles in combating the Filipinos, one of which is the impossibility of getting behind them.

NIGHT ATTACKS.

Manila, June 6—The insurgents Saturday night attacked a town of the Macabebes, who are friendly to the Americans. After driving out the inhabitants, they burned the town. The insurgents nightly annoy our troops at San Fernando. Several Americans have been slightly wounded recently. The Filipinos have several Krupp guns which they bring forward and use, firing large shells into the town, then retreating with the guns. One of the shells fell within thirty yards of McArthur's headquarters Saturday evening about midnight. The Americans do not reply to these nocturnal outbreaks.

SECRET DISPATCH DISCUSSED.

Washington, June 6—Another conference in regard to the Philippine situation was held at the White House last night between the President and Gen. Corbin. The important dispatch which came to the war department early yesterday afternoon and which was refused publicity, was discussed. It is understood that the dispatch related not only to the movements in the Marang Peninsula, but to the prospects for peace.

THE PRESIDENT'S CONCLUSIONS.

Washington, June 6—The President submitted to the cabinet today his conclusions in regard to the campaign against the Filipinos. It is as follows: First—To prosecute the war as vigorously as possible, even during the rainy season, in order that the insurgents may not recuperate. Second—No peace proposals will be considered in the future except touching upon unconditional surrender. Third—The Peace Commission must close its negotiations and return home, leaving Ours to manage the war. Fourth—No additional concessions will be offered the Filipinos. They must accept America's terms or fight.

BEASTLY BRITAIN.

She Jealously Refuses to Allow Mataafa to be King.

By Cable to THE TELEGRAM.

Auckland, June 6—Advices from Apia say it has been officially announced that Great Britain will positively veto the order allowing Mataafa to become king. Both Mataafa and Mallets are willing to abide by the decision of the tripartite commission. Both factions are disarming. Mataafa surrendered eighteen hundred guns.

THE GERMANS CO-OPERATE.

Auckland, June 6—The Germans, for the first time in many months, have acted with the representatives of the other powers, having officially sent a guard ashore. The commission has, by proclamation, fixed May 27 as the date upon which the natives must surrender their arms. The Mallets are now now disarmed.

IMPORTANT ADVICES.

London, June 6—It is understood that important advices will reach the government in regard to Samoan affairs at the end of this week.

Sherman Withdraws.

By Wire to THE TELEGRAM.
New York, June 6—A conference of the republican leaders this afternoon, after a complimentary vote for Congressman Sherman, withdrew his name for the speakership.

Plague Sufferers.

By Cable to THE TELEGRAM.
Cairo, June 6—The total number of plague sufferers at Alexandria is estimated at fourteen, two of whom have died. Four new cases were reported yesterday. No new cases reported elsewhere.

In an altercation over a young woman, at North Fork, Va., William Jennings killed John Adams with an old army musket.

Cotton.

New York, June 6—Cotton bids September, 81.

A. E. Barbee, proprietor of Monticelli Dairy, is confined to his room today, threatened with an attack of fever, we are sorry to state. We hope that he may be spared a long confinement.

The pleasure we have anticipated will be realized tonight—the First N. C. Regiment band will arrive in the city this evening on the 9:30 train and will go immediately to the opera house, where in a few minutes after arriving they will be ready to entertain the large crowd that will be present. Hear this band and you will never regret it.

Among the freight that went down the Ashboro road yesterday afternoon was a large water tank constructed by Snow Lumber Co., of this city, going to Jno. Walker, Troy, N. C., who runs a saw mill at that place.

With pleasure we welcome Dr. J. R. Reitzel and family, who lately moved here, into our midst. We wish you success, doctor, in your new territory and place you upon our professional medical staff with best regards.

Rev. J. R. Scroggs, a trustee of Trinity College, left this morning for Durham to attend commencement and be present at a meeting of the board.

Master Rob Bencil treated several of our fair ladies to a ride yesterday eve in his cute little turn out.

Now that we have secured Hon. J. S. Carr and Hon. F. C. Robbins as speakers at the unveiling of the Confederate monument, which will in all probability be on July 4th, and it is more than a possibility that Gen. Joe Wheeler will also be with us, let us make the program complete by securing the services of the First North Carolina regiment band to help furnish the music for us. With all these distinguished speakers present, together with the last named feature, the occasion will be an assured success in every particular. High Point will fittingly celebrate Confederate Unveiling Day.

Pharmacist J. D. Mann and family, who have been visiting at the home of Mr. Mann's father near Siler City for a week or more, returned home last evening.

Deputy J. L. Parrish, Joe Hoffman and E. D. Steele attended court at Greensboro yesterday and returned home last night. Mrs. Edwards, a delegate from the W. C. T. U., and Prof. Geo. H. Crowell also returned on the same train.

Dr. J. A. Turner's faithful old horse has performed its final service for its owner—it breathed its last yesterday evening, after a sickness of only a few hours.

Miss Minnie B. Fraley and Mr. Frank Gray, both of this city, were united in the bonds of holy wedlock Sunday evening, "Squire N. W. Beeson officiating."

We secured nine High Point subscribers to the Greensboro Evening Telegram last night, which we duly appreciate. We will be glad at any time to enter your name upon our books. The correspondent of this paper at this place will try and give you all the news while it is news in and around the city. Let us send you the paper one month on trial. You get all the High Point, Greensboro and foreign news combined for less than one cent a day—25c per month.

SHERIFF BLANVELT ADVISED

To Deliver His Prisoners to the New York Police.

By Wire to THE TELEGRAM.

Nyack, June 6—Andrew X. Falcum, the legal advisor of Sheriff Blawie, said today that his advice to the sheriff is to deliver the prisoners Barrow to the New York police immediately. "Whether local or not," he said, "the sheriff could take his chances on it without any fear of impeachment on protest from the people of this county, for we want to get rid of the troublesome matter."

By Wire to THE TELEGRAM.

Albany, June 6—The Governor has issued requisition papers to the Governor of New Jersey for the surrender to the New York authorities of Bell Anderson.

HENDERSON OF MARYLAND

Will Probably be Speaker of the 56th Congress.

THE "BULL OF THE BRUSHIES"

Will in All Probability be Given the Chairmanship of the Elections Committee.

Special to THE TELEGRAM.

Washington, June 6—The action of the Maryland delegation in congress in deciding to support the candidacy of General Henderson for speaker, in the opinion of most of the representatives now in Washington, assures his selection by the republican caucus. Other southern delegations will fall into line for Henderson, and it was announced yesterday on good authority that both of the republican members from North Carolina—White and Linney—will vote for Henderson.

The action of the Massachusetts and Maine delegations in coming out in favor of Henderson has caused surprise, and it is thought that events indicate so plainly Henderson's election when the caucus meets that the other candidates will soon withdraw from the contest and that the selection of the Iowa candidate will be made by acclamation.

General Henderson, the probable speaker of the Fifty-sixth congress, was born at Old Deer, Scotland, in the year 1840, March 14, and was brought to this country by his parents in 1846, and to Iowa in 1849. He was educated in common schools and at the upper Iowa University, studied law with Biswell and Shiras, of Dubuque, and was admitted to the bar in the fall of 1865. He enlisted in the union army at the outbreak of the civil war, enlisting as private, and shortly afterwards being commissioned first lieutenant of his regiment. He served until February 26, 1863, when he was mustered out of the service owing to the loss of his leg.

Although the southern democrats have no political interest in the selection of speaker of the next house, from a personal point of view they are interested, and the greater majority of them who have been seen are pleased with the election of General Henderson, whom they regard as liberal and broad minded.

Among southern members who may be appointed to chairmanships in the next congress are Hon. Charles F. Joy, of Missouri, who may be given the chairmanship of the committee on interstate and foreign commerce; Representative Linney, of North Carolina, who will probably be urged for one of the chairmanships of an elections committee, levees and improvements of the Mississippi river, or the chairmanship of the private land claims, of which committee in the last house he was the ranking member.

Miss Lena Lea, daughter of United States District Attorney Albert M. Lea, of Vicksburg, Miss., a beautiful and accomplished young woman, was among the graduates of Gunston Institute, this city. She is spending a few days with friends in this city. Her father, Judge Lea, has joined her and they will shortly leave for Salem, Va., to spend the summer with the remainder of her family in the mountain country.

Mr. W. B. Wrenn, of Atlanta, the well known railroad man, was in the city Monday on business connected with his road, stopping at the Metropolitan Hotel.

Railroad Commissioner Wilborn, of South Carolina, is also in the city. He is here for the purpose of appearing as the representative of the South Carolina railroad commission in the matter of a petition before the interstate commerce commission, for lower freight rates on coal for cotton markets. It is the intention of the interstate commerce commission to shortly grant a hearing and a number of representatives from the cotton mills of South Carolina are also in Washington.

Virginia people in Washington say that the course of Representative Jones in opposing the re-election of Senator Martin, and the prominent part he has taken in the Richmond conference, has brought down on him considerable opposition for re-election to congress. It is said that his leading opponent will be ex-State Senator Little.

Hon. Frank Hume, it is announced may be a candidate for the house of delegates at the next election for members of the legislature in Virginia. A new postoffice has been established at Motor, Polk county, N. C. The new office is located three miles northwest of Saluda. Charles W. Pearson has been commissioned postmaster. Mrs. Greenleaf, of Elizabeth City, N. C., is in Washington spending a few days with her relatives, Dr. and Mrs. Sessford.

BLOODSHED IS FEARED.

Members of a Strange Religious Sect Tamed and Feathered.

By Wire to THE TELEGRAM.

Bangor, Me., June 6—A riot is in progress at Levant, a village 200 miles from here. It is feared blood shed will result. For some months a strange religious sect has been giving offence to the community. They refused to mend their ways or leave, and declared they would suffer persecution rather than abandon what they believed their godly conduct. Yesterday morning notice was served upon them to leave by sunset. Not having left, a meeting of prominent citizens was held and a descent upon the disciples made early this morning by a mob of an hundred men. The homes of the leaders were surrounded and four of them captured and taken to the woods. The fate of the victims is unknown, but it is feared the villagers hanged them. They were certainly tamed and feathered.

FIFTY THOUSAND DOLLARS.

This Princely Sum Given to Trinity College Today.

Special to THE TELEGRAM.

Durham, N. C., June 6—The annual sermon of Trinity College was preached today by Bishop Duncan, of South Carolina. It was scholarly and grand, based on the idea of preparation for life's work. The attendance at commencement is large.

Mr. E. N. Duke, who during the past year has given Trinity College thirty-three thousand dollars, today gave fifty thousand more.

Fatal Injury at High Point.

Special to THE TELEGRAM.

High Point, N. C., June 6—Herb Wright, a negro, fell from a high electric light pole here today at 11 o'clock, while putting in a carbon. He was carried home in a buggy. Dr. McNally dressed his injuries. He is probably fatally hurt.

TUESDAY, JUNE 6, 1899.

The palm leaf fan will now have its sway.

Talk for our gala week when you are away from home. Its going to be a great thing for our city.

Better streets and better roads are what Greensboro and Guilford county need above all other things.

The hot season has come. But the merchants of Greensboro are prepared to meet the weather's fluctuations in all its forms. Scan the Telegram's advertising columns for the sources of ease when the mercury haunts the top of the thermometer.

Count Leo Tolstoi, who is one of the intellectual giants of the country, declares in a letter addressed to friends in Sweden that "no good can be expected from 'The Hague.'" In his opinion the one way to stop war is for individuals to refuse to do military duty.

There is no abatement to the troubles of our army in the Philippine Islands. The soldiers, homesick and racked with disease, are harassed day and night by the Filipinos, who strike and get away; the country is in an impassable condition, the weather intensely hot, and the rain pours incessantly. There is no end of our trouble in sight.

Trinity College commencement has begun. The reports of President Kilgo and the treasurer were very gratifying, showing the best year's work in the history of the college. May this grand old institution of learning continue to increase in usefulness, till its curriculum shall be pointed at as the pride and the glory of North Carolina's learning.

It is hinted that the great kidnapping affair which has aroused New York City to such a tension of sensation for the past week or two, was instigated by some of the yellow journals of that town, just for the sake of "scooping" a contemporary on an item of sensation. The Journal or the World or whatever paper it was that was so sadly in need of a subject upon which to inflame the masses that it was compelled to create a subject of an innocent baby, should be boycotted by its readers and forced to disintegrate.

The recent demonstrations of lawlessness in storm-tossed France, incidentally the scene at the Attell races last Sunday in which President Loubo had a narrow escape from ignominious death, betoken the alarming state of the public's feelings in the "nation without a god." Today the fickle and impetuous populace thunders its applause in the ears of its hero; tomorrow they stab him to death without a compunctious throb. The smouldering fires of internecine fury are kindling, and the red hand of revolution prepares to strike. Soon must the passionate southern republic see flowing again upon its own soil, rivers of its own blood.

The people of Asheville are becoming wrought up upon the subject of roads, and are going forward in a manner which will insure them a better system of highways in the near future. If the people of Greensboro and Guilford county were stimulated upon this most important subject, our present old backwoods turnpike system would soon be abandoned.

We copy the following from the Asheville Gazette:

The good roads meeting at the Flat Creek school house, yesterday, reported in this morning's Gazette, was important as indicating the spreading interest in the good roads movement in this county. An enthusiastic gathering of farmers, many of whom came a very long distance to attend the meeting, may justly be regarded as an awakening of sentiment more important than many meetings for a similar

purpose at which the attendance was exclusively of town's people. The organizations effected at this meeting are the first of the township branches of the good roads association, so successfully in operation in this city. It may confidently be predicted from the readiness with which these three townships have joined the movement that the other townships of the county will follow and the pressure of public sentiment and active co-operation of these organizations will effect the purpose for which they are created—to secure good roads in Buncombe county. An angry for the success of the movement was the good feeling shown at the Flat Creek meeting in recognizing the fact that the interests of the city and the county are identical—that working together they can accomplish that which will be of equal benefit to both. The talk given by Professor Holmes in Asheville on good roads doubtless had much to do with extending interest throughout the county in the subject, along with the energetic work of the organization here.

FAMOUS STATE TRIALS.

Mary, Queen of Scots, Sir Walter Raleigh and Capt. William Kidd.

Charles Edward Lloyd is the literary nom de plume of a very talented Southern woman, a North Carolinian, who has edited and given to the world, through Callaghan & Co., of Chicago, a valuable volume, the "State Trials of Mary, Queen of Scots, Sir Walter Raleigh and Capt. William Kidd," condensed and copied from the State Trials of Francis Hargrave, Esq., F. R. S., P. S. A., London, 1816, with explanatory notes. The book is dedicated to Senator J. C. Pritchard and Hon. James E. Boyd, of North Carolina.

During the Omaha Exposition Mrs. C. W. Harris (Charles Edward Lloyd) was in charge of the exhibit of the department of justice, and was entrusted with the care of a bookcase full of valuable old law books, the "Pandects of Justinian," "Colonial Laws," and copies of the "State Trials in Great Britain from the Reign of Richard II to that of George III." She placed them in the beautiful niche over which she presided, and permitted her more cultured visitors to read them. This niche became a favorite resort for judges, lawyers and scholars. The popularity of the books, especially the "State Trials of Francis Hargrave and T. B. Howell, Esq.," convinced her that if the best of these books could be put in handy volumes at a cheap price there would be a demand for them. At the suggestion of several prominent lawyers she wrote to the Chicago publishers and they approved the plan. This first volume is just issued.

There is no better way of impressing English history on one's mind than by reading these trials. No lawyer can fail to find a romantic interest in every page of the book and he will be amazed at the language and the ruling of some of the lawyers and judges of the dates given. For instance, Sir Edward Coke, who was attorney general when Sir Walter Raleigh was tried for high treason, uses language toward the distinguished prisoner which would not be tolerated in the courts of today. Fifteen years later, when Coke was Lord Chief Justice, he manages to bring Sir Walter Raleigh to execution on a pretext evidently prepared for the occasion at the command of King James. The intense jealousy of Spain at the encroachments of the Anglo-Saxon on the western hemisphere is everywhere conspicuous in the trial of Sir Walter Raleigh. It is made plain that Spain was the indirect factor in the death of Raleigh. In the light of passing events the retribution of history is startling.

Sir Walter Raleigh's charter from Queen Elizabeth for the discovery of Virginia extended far to the northward of the present boundary of that state. Its western limit was the Pacific ocean. The descendants of the colony he founded number many who are about to sweep the power of Castile and Arragon not only from the western hemisphere, but from the Pacific ocean as well. The royal line of Spain is extinct. The name of Raleigh is kept alive in several states of the Union. The cruiser Raleigh was one of Dewey's squadron at the battle of Manila. The wisdom of Raleigh was recently endorsed by the Congress of the United States, for he first advised the holding of the isthmus of Panama as the strategic point to connect the commerce of the two oceans that wash the shores of this hemisphere. Raleigh is the capital city of the state of the two distinguished gentlemen to whom the book is dedicated.

HOW ABOUT IT?

Has the Southern Standard Wages on Atlantic & Yadkin?

A Telegram reporter was told yesterday afternoon that the Southern Standard wages of the road employees of the Atlantic & Yadkin. It will be remembered that the wages of the old C. F. & Y. V. employees have been reduced two or three times within the past few years, the last cut, little more than a year ago, being, we believe, 10 per cent., and with all employees making over \$100 per month, 15 per cent. The restoration of the standard wages would be a raise of about 40 per cent to all trainmen and would, of course, be an occasion for general rejoicing.

But the reporter asked at the superintendent's office this morning if his informant was correct and was told that nothing had been said at that office of a raise of wages, or at least that no definite decision had been reached by the authorities.

It is probable, however, that the Southern will pay the employees on its new line the same wages as on its other lines—if indeed, it has not already given notice to that effect.

Danville Team Coming.

The Greensboro baseball team has arranged with the Danville second team to play three games in Greensboro, on June 15, 16 and 17. The expense of bringing the team here will be considerable, but the games will be close and interesting and the Greensboro boys expect to draw large crowds. The price of admission will be reasonable.

"This is true the poet sings that a sorrowful heart is a heavy burden."

Isn't that what a woman thinks who finds herself practically laid aside in the heyday of life? A few years of matrimony, a couple of children, and she is worn out. And as she lies weak and suffering, she remembers the days when she was a little while behind, when she tiptoed along the top rail of the worm fence, as active and blithe as a squirrel.

But there's something wrong about this condition. One word expresses it—"unnatural." It's against nature to be in such a condition. It is the unnatural drains, the irregularity, the ulcerations and inflammations which sap woman's strength. Cure these and health comes back with all its joys. Diseases of the delicate womanly organs are positively and permanently cured by the use of Dr. Pierce's Favorite Prescription. Thousands of women are on record as living witnesses to the truth of that statement.

Sick women are invited to consult Dr. Pierce by letter without charge. Every letter is held as private and its story guarded as a sacred confidence. All answers are mailed in private envelopes bearing no printing upon them. Address Dr. Pierce, Buffalo, N. Y.

Mrs. H. A. Albrook, of Austin, Louisa Co., Ark., writes: "After five months of great suffering I write this for the benefit of other sufferers from the same affliction. I doctored with our family physician without any good results, my husband urged me to try Dr. Pierce's medicines which I did, with wonderful results. I am completely cured. I took four bottles of Dr. Pierce's Favorite Prescription, four of his 'Golden Medical Discovery' and two vials of his 'Pleasant Pellets.'"

Dr. Pierce's Pellets cure biliousness.

The latest expression of agony is "B-a-o-w," having a delectable, long-drawn-out cadence which smites the ear with inexpressible horror. Its constituents are ineffable loathing, extreme disgust, the keenest ridicule, and the intensest hate; awful weariness, cringing satire, bitterest irony, and many other ingredients, making upon the whole a complete conglomerate of diabolical emotions which find their ugliest expressions in "B-a-o-w." Imported from Paree, don't harknow.

INDIGESTION

"Cured by Johnson's Dyspepsia Cure
"I suffered over two years with Indigestion and
Nervous Dyspepsia, unable to eat or sleep. I
tried several physicians and different remedies,
but they only helped me for a short time. A
friend advised me to take Johnson's Dyspepsia
Cure. I have taken three boxes, and am now
feeling better than I have for two years. Have
a good appetite, sleep well and have none of
the symptoms of Indigestion or Dyspepsia. While
I have taken ten pounds in weight within a
couple of months. I am taking pleasure in
recommending Johnson's Dyspepsia Cure where-
ever I can, and several of my friends are taking
it with marked results."—L. A. Arnold, Cin-

"Kiss Me Dood-Night."

"Pease, mama, pease kiss me dood-
night,"
My blue-eyed love with sunny curls
Stood pleading 'tween her sobs and
tears.
I said, "I can't kiss naughty girls."

I led her to her snowy cot,
"Pease, mama, pease," she sobbed
again,
"I won't be naughty any more."
I left her, all her pleadings vain.

I had been reared in Spartan school,
And deemed it duty to control
With rigid rule, nor never knew
That love with love should sway the
soul.

I heard her sob, my mother heart
With yearning filled, to soothe and
cheer,
Yet I refrained, and in her sleep
My baby still lay sobbing there.

'Twas midnight when I felt a touch—
A fevered hand lay on my brow,
My white-robed baby plead d still,
"Pease, mama, pease, I tan't sleep
now."

All through that agonizing night
Delirious she moaned in pain.
The little broken heart still plead
For kisses that I gave in vain.

At dawn the angels hovered near;
She nestled close and smiled and
said
"I won't be naughty any more,"
And in my arms my baby lay—dead.

And I am old; the passing years
Have brought no comfort in their
flight,
My heart still hears that sobbing cry,
"Pease, mama, pease, kiss me dood-
night."

MR. RALPH BINGHAM

Will Appear at the Academy of Music
June 15th.

The following is reproduced from
the Columbus, Ga., Enquirer-Sun:
"Mr. Ralph Bingham achieved an-
other triumph last night at Springer's
opera house. . . .

"Mr. Bingham is a great elocutionist
and his selections last night were most
happy. It would be difficult to say
which met with the heartiest reception,
but it may be said that nothing could
be more thoroughly pleasing than his
recitation of James Whitcomb Riley's
story of the old elder mill, unless it be
the recitation of some of his own com-
positions. He is an accomplished
comedian and his powers of facial ex-
pression are truly remarkable. As a
violinist he established an enviable
reputation for himself in this city.
There was a sweetness and pathos
about his playing that charmed all
his listeners. Mr. Bingham has a
good voice and as a singer of comic
songs he is a great success. He was
accompanied last night by Miss Ethel
Phillips, a charming pianist of this
city, and her brilliant assistance
added much to the pleasure of the
occasion. Mr. Bingham was intro-
duced by Judge Cozart.

"The event was one of the most
pleasing of the entire season. The
ladies were successful, from a finan-
cial standpoint, beyond their expecta-
tions, and expressed their appreciation
of the interest which the public had
manifested in their efforts.

This remarkable evening will appear
at the Academy of Music on Thursday
night, June 15th, under the auspices
of the Ladies' Aid Society of Centen-
ary M. E. church.

**A Mother Tells How She Saved Her
Little Daughter's Life.**
I am the mother of eight children
and have had a great deal of experi-
ence with medicine. Last summer my
little daughter had the dysentery in its
worst form. We thought she would
die. I tried everything I could think
of, but nothing seemed to do her any
good. I saw by an advertisement in
our paper that Chamberlain's Colic,
Cholera and Diarrhoea Remedy was
highly recommended and sent and got
a bottle at once. It proved to be one
of the very best medicines we ever had
in the house. It saved my little
daughter's life. I am anxious for
every mother to know what an excel-
lent medicine it is. Had I known it at
first it would have saved me a great
deal of anxiety and my daughter much
suffering.—Yours truly, Mrs. Geo. F.

Cholera Morbus Quickly Cured.
"During the hot weather last sum-
mer I had a severe attack of cholera
morbus, necessitating my leaving my
business," says Mr. C. A. Hare, of
Hare Bros., Pineville, Ohio. "After

Thankful words written by Mrs. Ada
E. Hart, of Groton, S. D. "Was
taken with a bad cold which settled on
my lungs; cough set in and finally ter-
minated in consumption. Four doc-
tors gave me up, saying I could live

stay with my friends on earth, I would
meet my absent ones above. My hus-

He is cordially welcomed to Winston.—Winston Sentinel.

Falling by the Wayside.

Bicycle wrecks were many and varied on North Elm street yesterday afternoon and evening, and especially frequent in the evening. Some one left a pile of sand on the bicycle track on the street and young gentlemen and ladies who were out for a ride and paid more attention to each other than to the track, ran into it at good speed and were "spilled" in the most unceremonious manner. The party who left the sand there has been paid many lurid compliments.

New styles men's neckwear at Kaufmann's, under the Benbow.

Here's a chance to get a good pair of shoes for less than they are worth. Thacker & Brockmann have a lot of men's sample shoes, odd pairs and broken sizes worth at regular prices \$3.50, \$3.00, \$2.50, etc., marked down to \$1.95 for choice of the entire lot. PROF. SMITH IN WINSTON.

Elected Principal of the West End Graded School There.

Prof. David B. Smith, who for the past two or three years has held the position of teacher in the 8th grade, in the West End Graded School, Winston, was Saturday elected principal of that school, for the ensuing year.

Mr. Smith is the son of Mr. John Y. Smith, of this city, and is at present visiting his parents on Arlington street. He is one of a goodly number of Greensboro boys who are forging ahead in the field of education, and his many friends will rejoice with him at his promotion.

Mr. R. B. Crawford, son of Rev. Dr. W. L. Crawford, of this city, was elected teacher of the 8th grade of the West end school and Miss Sadie Hanes, who finished a special course at the State Normal and Industrial College last month, was elected teacher of the fourth grade.

"In the Sweet—"

This scribe will not again state when the Southern's new depot will be occupied, but with a doubtful expression will state that it will probably be by Saturday—some sweet Saturday if not the next. An official said this morning that the most of the move would be made gradually and when the final day came the move would be finished in a hurry. It began yesterday when several tables were cleaned and re-varnished and placed in the offices up stairs. We were given to understand this morning that the depot was built to use and that when they got there they'd be there to stay. Meantime all trains will run to and from the same old place.

Because of ill health, W. C. Stiles, a ship timber manufacturer, of Warren, C., committed suicide.
